Dear Mr. Dutcher:

With regard to a telephone conversation between Mr. Karins and myself yesterday afternoon, this is to inform you that the Air Pollution Control Division would not recommend the extension of Tybouts Corner Landfill to approach Route 13 closer than was proposed in the original plan of operation.

I was pleased to hear that you have obtained a chemical spray to control the odors. This has been a source of complaint at times from the residents at the northeast corner of the operation.

Your application for extension has been approved for a one year period by the Commission and your Certificate of Approval will be issued in the near future.

Sincerely yours,

Hugh J. Menghi
